<b>07/14/ 2015</b> 39.	RV Connections Panama City, Fl.	Tri-glide hitch air bag loses pressure every 3-4 hours.	Replaced hitch airbag.	Also found that the hitch has incorrect part number on hitch. Part number is for 18K hitch. Mfg. verified that hitch is in fact 21K. Later verified to be correct P/N.
	RV Connections Panama	Bathroom pocket doors do not stay in the stowed position when traveling.	Shortened retaining strap.	
40.	City, Fl.	100 1 100 100 100 100 100 100 100 100 1	1	F .: .
41.	RV Connections Panama City, Fl.	Kitchen sink inserts do not fit into counter top. (granite)	Inserts are too large. Get estimate from contractor.	Estimate never obtained and issue still outstanding, must return camper again to get this fixed!
42.	RV Connections Panama City, Fl.	Exterior refrigerator compartment door frame hole cut too large, sunlight visible around compartment frame.	Added shims to door frame.	
43.	RV Connections Panama City, Fl.	Rear black water holding tank drain valve leaks, dumps waste material when cap removed.	Replaced rear dump valve.	
44.	RV Connections Panama City, Fl.	Front black water holding tank drain valve leaks, dumps waste material when cap removed.	Replaced dump valve.	
	RV Connections Panama City, Fl.	Fresh water holding tank will not fill past half way.	Found vent line routed below level of fill line, repositioned	
45.			vent. Tank now fills to full on indicator.	
46.	RV Connections Panama City, Fl.	DVD player in garage will not play through TV	Removed TV, found cables disconnected.	

47.	RV Connections Panama City, Fl.	Front passenger side rain gutter drains onto light fixture. Safety hazard! (Third time reported)	Light works fine.	
48.	RV Connections Panama City, Fl.	Zone 2 A/C cools room to set temp. but will not turn back on as temp in room rises.	A/C cycles on and off. No defect noted.	
49.	RV Connections Panama City, Fl.	Flex guard (wire support) under kitchen slide broken allowing wire harnesses to hang down.	Replaced flex guard.	
50	RV Connections Panama City, Fl.	Main slide makes a loud popping noise every 2-3 inches of travel.	Lubricated slide tracks.	
51.	RV Connections Panama City, FI.	Both holding tank dump handles mounted on wet wall are extremely difficult to operate. Cables appear to be too long.	Disconnected cables from dump valves, cables operate freely, valves are difficult to operate. Replaced both dump valves.	
52.	RV Connections Panama City, Fl.	Bedroom slide out has 3 roller supports under slide but is only making contact to two of the rollers.	Adjusted rollers.	
53.	RV Connections Panama City, Fl.	Outside access hole for secondary refrigerator is cut too large. Sunlight is visible around compartment door when viewed from inside garage area.	Added shims and adjusted compartment door frame.	
		Above items completed on 09/02/2015	Days out of service this period: 48	Total days out of service to date: 204
